IUPAT INDUSTRY PENSION PLAN

PAGE 63

(b) The Trustees may delegate or assign responsibility for investment (including acquisition and disposition of assets) to an Investment Manager on the written acknowledgment of the Investment Manager of its status as a fiduciary with respect to a Plan.

Section 10.04 Source of Benefit Payments

Plan assets will be the sole source for the payment of benefits under the Plan. This Plan has been established on the basis of an actuarial calculation that has established, to the extent possible, that the contributions will, if continued, be sufficient to maintain the Plan on a permanent basis, and fulfill the funding requirements of ERISA.

Section 10.05 Expenses.

All expenses of establishing, administering and terminating the Plan and Trust with respect to the Plan will be paid from Plan assets.

Section 10.06 Non-Reversion.

It is expressly understood that in no event shall any of the assets of the Plan revert to the employers or be subject to any claims of any kind or nature by the Employers.

Section 10.07 Employer Contributions.

An Employer will pay contributions to the Plan or Trust, for allocation to the Plan as directed by the Trustees, as required by law, a Collective Bargaining Agreement, a Participation Agreement or the Trust Agreement and pay interest, liquidated damages and costs of collection (including audit and attorney fees) as required by the Collective Bargaining Agreement, Participation Agreement, Trust Agreement or law.

Section 10.08 Irrevocability of Contributions.

Contributions to the Trust or Plan are irrevocable. The Employers will have no right, title or interest in contributions once paid to the Plan or Trust and no Plan assets will revert to the Employers. The Trustees may return amounts paid by an Employer due to a mistake of fact, payments conditioned on qualification of the Plan or deductibility of a payment and correct any excess contributions (as defined in IRC 4972) as provided by law.

Section 10.09 Qualified Military Service Contributions

(a) In accordance with applicable federal law, the Trustees may charge an Employer for contributions (without interest) with respect to Qualified Military Service after October 12, 1994 upon a timely return to work with the Employers under the Plan.

(b) Absent other resolution of the Trustees, the charge will equal

- (1) the current contribution rate(s) for similarly-situated active Eligible Employees during the period of Qualified Military Service, multiplied by
- (2) average contributory hours for the Employee during a period, equal to the lesser of a period equal to the term of Qualified Military Service or twelve (12) months before the Qualified Military Service began.

(c) Absent other resolution of the Trustees, the charge shall be allocated to Employers as follows.

- (1) Contributions for Qualified Military Service of less than thirty (30) days will be charged to the last Employer before Qualified Military Service began.
- (2) Contributions for longer Qualified Military Service will be charged in proportion to an Employee's Hours of Service in Covered Employment with each Employer in the twelve (12) month period before Qualified Military Service began. Contributions chargeable to an Employer which are not collectible will be reallocated as if the Employee had no Hours of Service in Covered Employment with the uncollectible Employer.

Section 10.10 Return of Mistaken Contributions

(a) The Trustees may return amounts erroneously paid to the Trust as allowed by law.

(b) A contribution or withdrawal liability payment made by reason of a mistake of fact or law, other than a mistake relating to the qualification of a Plan under IRC 401 or the exemption of the Trust from tax under IRC 501(a), may be returned within six (6) months after a determination of a mistake by the Trustees.

(c) A contribution which is conditioned on initial qualification of a Plan may be returned within one (1) year after an adverse determination, provided an application for determination is filed by the time prescribed for filing the Employer's return for the taxable year in which the Plan was adopted.

(d) A contribution, which is conditioned on deductibility under IRC 404, may be returned (to the extent disallowed) within one (1) year after disallowance.

Section 10.11 Delinquent Employers

(a) The Trustees may terminate a person or organization as an Employer if the person or organization fails to make contributions for more than 90 days after the due date. The action of the Trustees may create a Complete Withdrawal or Partial Withdrawal from the Plan by the Employer.

(b) To once again become an Employer, the person or organization must post a bond in the amount of twice the delinquency and pay all current and delinquent contributions within three

IUPAT INDUSTRY PENSION PLAN**PAGE 65**

months of the posting of the bond. If the Employer fails to do so, the bond shall be forfeited and the Employer will not be permitted to resume status as an Employer.

(c) If the Employer satisfies the foregoing conditions and once again is allowed to participate on that basis, the bond will be returned if reports and contributions remain current for a period of one year following reinstatement.

(d) The Trustees and the Union retain the right to enforce payment of delinquencies in accordance with other provisions of this Plan, the Trust Agreement, the applicable Collective Bargaining Agreement or Participation Agreement and applicable law.

Section 10.12 Collection of Delinquent Contributions

(a) In the case of a Contributing Employer that fails to make the contributions to the Plan for which it is obligated, in accordance with the terms and conditions of a collective bargaining agreement, the Trustees may bring an action on behalf of the Plan pursuant to ERISA 502(g)(2) to enforce the Contributing Employer's obligation.

(b) In any such action in which judgment is awarded in favor of the Plan, the Contributing Employer shall pay to the Plan, in accordance with the court's award:

- (1) the unpaid contributions,
- (2) interest on the unpaid contributions, determined at the rate for underpayment of federal income taxes under IRC 6621
- (3) liquidated damages equal to the greater of
 - (A) the amount of interest charged on the unpaid contributions, or
 - (B) 20 percent of the unpaid contributions,
- (4) reasonable attorneys' fees and costs of the action, and
- (5) such other legal or equitable relief as the court deems appropriate.

(c) Nothing in this section shall be construed as a waiver or limitation on the rights or ability of the Plan, Trustees or Union to enforce a Contributing Employer's contribution obligation in any other type of proceeding.
